

Abiotic (non-living) Factors – *freeGo* worksheet

You need to be able to recall the following Abiotic (non-living) Factors.

You should be able to extract and interpret information from charts, graphs and tables relating to the effect of abiotic factors on organisms within a community

Required knowledge

Light intensity

Temperature

Wind intensity and direction

Soil pH

The following facts are not covered in the *freeGo*, but are in the full *mojo* moment:-

Mineral content of the soil

Moisture levels

Oxygen levels for aquatic animals

Carbon dioxide levels for plants

Thanks for using your *imojonation!!!*
